

Monticello, UT  
Nov 17, 1989

Mr. Peter Mygatt  
Grand Jet, Co.

Dear Sir:

In regards to the ~~the~~ uranium mill waste repository in the Monticello Area. Although you appear to be operating on unlimited funds, here's a suggestion that might save considerable, why not use land already owned by the government instead of paying an outrageous price for private land in the area.

Yours truly,  
Max Dalton  
and Wagon Rod Ranch  
and Lucy Tracey
